- 11. Does he/she follow or spy on you or leave threatening messages? Yes No Not Ans.

▶ An officer may trigger the protocol referral, if not already triggered above, as a result of the victim's response to the below question, or whenever the officer believes the victim is in a potentially lethal situation.

Is there anything else that worries you about your safety? (If "yes") What worries you?

- Check one:
- Victim screened in according to the protocol
 - Victim screened in based on the belief of officer
 - Victim did not screen in

If victim screened in: After advising her/him of a high danger assessment, did the victim speak with the hotline counselor?

- Yes
- No

Note: The questions above and the criteria for determining the level of risk a person faces is based on the best available research on factors associated with lethal violence by a current or former intimate partner. However, each situation may present unique factors that influence risk for lethal violence that are not captured by this screen. Although most victims who screen "positive" or "high danger" would not be expected to be killed, these victims face much higher risk than that of other victims of intimate partner violence.
